

Sebastian Wanjala

Software Developer

Nairobi, Kenya · 0769 972540 · itsstiano25@gmail.com · seb-wanjala.vercel.app

Software developer who builds working products people actually need, and cares just as much about how they feel to use. I design and build end to end — from the first conversation with a client to a live, deployed product — mostly in React and JavaScript.

EXPERIENCE

IT Intern · Mizizi Elimu Afrika May 2026 – Aug 2026

- Provided technical support, diagnosing and fixing hardware and software issues across the organisation.
- Set up, configured and maintained IT systems and network infrastructure.
- Supported digital operations and contributed to internal technology initiatives.

Freelance Web Developer · Self-employed Jan 2026 – May 2026

- Designed and built three websites for clients that are live and generating revenue.
- Owned delivery end to end: client communication, UI/UX design, development and deployment.
- Built responsive interfaces in React and JavaScript with clean, maintainable code.

Frontend Developer (Remote) · Clobiz Tech Limited Jan 2025 – Dec 2025

- Designed and built clear, attractive interfaces for a range of client projects.
- Simplified flows so that our clients' users could get things done easily.
- Kept code concise and readable, so other developers could pick it up and collaborate.

Industrial Attachment · TIFA Research Apr 2025 – Aug 2025

- Set up and configured computers and systems for the call team to keep operations running smoothly.
- Helped with coding and troubleshooting to restore systems during downtime.

IT Consultant · Golden Springs Academy Oct 2021 – Apr 2023

- Built a management system that made it easy for the school to keep its records.
- Set up and maintained the school's computer systems and network.
- Supported the marketing team with digital content.

SELECTED WORK

Somovibe	Marketplace where Kenyan teachers sell CBC notes and get paid via M-Pesa. somovibe.com
Flytrails Travels	Site for a Kenyan adventure travel company: trips, stays, WhatsApp booking. flytrailstravels.com
Srannali Family	A calm, respectful memorial website for a family. srannalifamily.com
Attend UI	My own React library of interface moments that show results as real objects.

EDUCATION

BSc in Software Development · KCA University 2021 – 2025

SKILLS

Build

JavaScript, React, Testing & debugging, Data visualisation

Design

UI/UX design, Adobe Photoshop, Photo manipulation

People

Stakeholder communication, Problem solving, Leadership, Management
